Program Advertising

Dear Advertiser,

The Long Island Scottish Festival and Highland Games (web site www.liscots.org) have been alive and well these past 55 years, each year our Festival Program gets better and better.

To those advertisers who have placed advertisements with us over the years, thank you.

We are the only Scottish Festival on Long Island and we get 5000 to 8000 visitors each year. Each one of our visitors receives our Program with admission to the Festival.

Please consider placing an advertisement with us this year, it's for a good cause.

We are a not-for-profit organization, 501C(3) charity and we sponsor the Festival each year and also give to local and international registered charities such as Island Harvest, the Long Island food bank, Ronald McDonald Foundation, Horses for Heroes, and Chaz, a children's hospice organization in Scotland.

We accept ads from Local and National organizations, businesses and individuals who want to advertise their businesses and services to all attending our Scottish Festival.

Will you please help us this year to fill up our Festival program with advertizing (Please see accompanying contract) that will bring new customers to your doorstep.

Thanks you,

Dave Cairns
